Professional Licensure Disclosure

Nashville State Community College (NSCC) participates in the National Council for State Authorization Reciprocity Agreements (SARA). Nashville State is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). As a member institution of the Tennessee Board of Regents (TBR), the college is regulated by the Tennessee Higher Education Commission (THEC). Nashville State offers courses, associate degrees and certificate programs that may lead to professional licensure and/or certification. Students who complete one of the programs of study listed below at Nashville State Community College have met the curricular requirements to apply for credentialing in Tennessee. Requirements for other states may vary.

If you currently live in a state other than Tennessee or intend to move to a state other than Tennessee and you plan to use the education completed at Nashville State to seek professional licensure in your state, be aware there may be additional requirements for obtaining licensure. Please contact the appropriate licensing agency in the state where you intend to seek licensure regarding the requirements in that state.

In many professions, licensure is required for entry into that field of specialization. The information shared on this page is meant to assist students, by providing direct disclosure on whether their program may lead to professional level licensure within specific states. The programs listed below were all originally designed to meet Tennessee's licensure requirements. However, they may not meet the requirements for your current state of residence. We encourage all students to review this information, prior to enrolling into one of these academic programs. It is ultimately the responsibility of a student to determine whether a certificate or degree program will meet licensure requirements for the state in which they currently reside and choose to work in.

Program Contact Information

Nashville State Community College offers four educational programs designed to meet educational requirements for a specific professional license or certification required for employment in that occupation. Information regarding whether completion of that program would be sufficient to meet licensure requirements in each State for that occupation is below.

Occupational Therapy Assistant AAS

[Occupational Therapy Assistant](#) • OTA@nsc.edu

The Nashville State Occupational Therapy Assistant Program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE). The Nashville State OTA program is in good standing. The next onsite accreditation visit is scheduled for 2025.

ACOTE® accredited occupational therapy and occupational therapy assistant educational programs satisfy the states' educational requirements in all states, the District of Columbia, and Puerto Rico. Students graduating from an ACOTE® accredited occupational therapy and occupational therapy assistant educational program are eligible to take the National Board for Certification in Occupational Therapy (NBCOT) certification exam and apply for licensure in all states, the District of Columbia, and Puerto Rico. For more information regarding state qualifications and licensure requirements, please refer to the [AOTA State Licensure webpage](#)

The occupational therapy assistant program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 6116 Executive Boulevard, Suite 200 North Bethesda, MD 20852-4929. ACOTE's telephone number c/o AOTA is (301) 652-AOTA or 301-652-2682 or 301-652-6611. ACOTE website is <https://acoteonline.org/>

Graduates of the program will be eligible to sit for the national certification examination for the occupational therapy assistant administered by the ACCREDITATION COUNCIL FOR OCCUPATIONAL THERAPY EDUCATION ACCREDITATION MANUAL VI.E. Revised July 2019 Section VI - Page 19 National Board for Certification in Occupational Therapy ([NBCOT](#)). After successful completion of this exam, the individual will be a Certified Occupational Therapy Assistant (COTA). In addition, all states require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination. Note that a felony conviction may affect a graduate's ability to sit for the NBCOT certification examination or attain state licensure.

The Nashville State Surgical Technology Program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP). The Nashville State Surgical Technology program is in good standing. The next onsite accreditation visit is scheduled for 2024-2025.

The Certified Surgical Technologist (CST®) certification is recognized nationally and students graduating from a CAAHEP-accredited Surgical Technology educational program are eligible to take the National Board for Surgical Technology and Surgical Assisting (NBSTSA) National Certification exam to become CST® certified—recognized nationally, in the District of Columbia, and Puerto Rico. For more information regarding state qualifications and certification requirements, please refer to the Association of Surgical Technologists (AST) website www.ast.org

The Nashville State Surgical Technology Program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP), located at 9355 113th St. North, Seminole FL 33775. CAAHEP's telephone number (727) 210-2350 and its Web address is www.caahep.org. Graduates of the program are eligible to sit for the National Certifying

Examination for Surgical Technologists administered by the National Board of Surgical Technology and Surgical Assisting (NBSTSA). After successful completion of this exam, the individual will be a Certified Surgical Technologist (CST®). Licensure is not required in order to practice. Statutory requirements (if any) are usually based on the results of the NSTSA Certification Examination.
