

Nashville State Community College

In many professions, licensure is required for entry into that field of specialization. The information shared on this page is meant to assist students, by providing direct disclosure on whether their program may lead to professional level licensure within specific states. The programs listed below were all originally designed to meet Tennessee's licensure requirements. However, they may not meet the requirements for your current state of residence.

Program Contact Information:

Central Processing • [Web site](#) • CentralProcessing@nsc.edu

Nursing • [Web site](#) • nursing@nsc.edu

Occupational Therapy Assistant • [Web site](#) • OTA@nsc.edu

Surgical Technology • [Web site](#) • SurgTech@nsc.edu

We encourage all students to review this information, prior to enrolling into one of these academic programs. It is ultimately the responsibility of a student to determine whether a certificate or degree program will meet licensure requirements for the state in which they currently reside and choose to work in.

Nashville State Community College offers four educational programs designed to meet educational requirements for a specific professional license or certification that is required for employment in that occupation. Information regarding whether completion of that program would be sufficient to meet licensure requirements in each State for that occupation is below.

Program	Positive Licensure Determinations	Negative Licensure Determinations	No Licensure Determination
Central Processing Technical Certificate	All US states		
Nursing A.A.S. Nurse Licensure Compact (NLC) states	All US states		
Occupational Therapy Assistant A.A.S.	All US states		
Surgical Technology Technical Certificate	All US states		
Surgical Technology A.A.S.	All US states		

Nashville State Community College cannot guarantee licensure based on the completion of our programs.
