Session 1 @ 1:00-2:00pm – Session 2 @ 2:15-3:15pm

All Things Financial Aid – S-112

All you want to know (and probably more) about FAFSA simplification, financial aid offered at NSCC, and how to guide our students. Come by to learn more about our NSCC Financial Aid Office. Host: Jenn Byrd

Data Heroes: Becoming Data-Informed and Engaged Champions – S-105

This session will take a closer look at updates to current data resources, ensuring attendees are aware of the most recent changes to the dashboards. Attendees will participate in activities to enhance their engagement with the available data resources. Host: Derrick Dupuis

Level up with Banner – S-113

Increase your Banner user experience and efficiency by reviewing the basics of Banner user preferences, processes, and procedures. We will also explore what the differences are between Banner instances, Pages, Forms, Tables, Quick Flows, etc. Finally, we will also give out a couple of handy quick references like the Banner Naming Convention Guide and Banner 9 Navigation Quick Reference Guide. Host: Kevin Thomas

The Power of Helping Students Belong – S-118

Evidence has shown that a student's sense of belonging positively affects academic outcomes, increases retention, and supports student mental health. Creating a campus dedicated to student belonging is a job for all of us! Learn about the science of belonging, how the office of Student Life is working to create community, and how you can contribute to the college's Vision 2030 goal of being student centered.
Host: Kelsey Johansen

Mastering Microsoft teams – S-117

Microsoft Teams not only serves as a digital phone system but also a way for people to collaborate! Get the most out of this new tool by learning the basic functions and settings such as Teams calls and chats, meetings, calendar functions, connection with OneDrive, and settings to make Teams your own. Host: Jacob Ludden
