Introduction to the Clery Act Procedures and Policies

Nashville State Community College (NSCC) is committed to disseminating relevant and pertinent information regarding reported criminal activities in a reasonable manner to its community and to interested parties. To that end, NSCC is implementing and maintaining policies and procedures in compliance with the College reporting requirements of the Jeanne Clery Act and the Higher Education Opportunity Act (HEOA), two pieces of federal legislation that provide guidance in disseminating certain types of information to campus communities and to the general public.

The Jeanne Clery Act and the Higher Education Opportunity Act encompass several areas of campus responsibility. NSCC utilizes its Police/Security Department to issue information that pertains to the criminal reporting requirements and policies of these two federal laws. This annual Campus Security Report contains policies and statistics all campus locations and can be accessed on the Safety and Security web page located at online at:
https://www.nsc.edu/documents/security/Annual_Security_Report.pdf

The College's Campus Police/Security Department is responsible for promoting safe campus conditions and protecting campus property. The Chief of Police as well as Police Officers on the White Bridge Road, North Davidson, Southeast, and Clarksville Campuses are certified by the Tennessee Peace Officers Standards and Training (P.O.S.T) commission, and they have law enforcement authority. The duties of these employees are supplemented by Security Officers who do not have law enforcement authority.

Department support consists of ten full-time Police Officers, thirteen full-time Security Officer, one full-time Office Manager, and several part-time Police Officers and Security Officers. The College has a healthy working relationship with local city and/or county law enforcement agencies, and it utilizes their services as deemed necessary in the event that criminal activity occurs or is suspected.

The White Bridge Road Campus (Main) Police/Security Department monitors all campuses via a high-tech closed-circuit camera system 24 hours a day every day of the year. All parking lots, building exteriors, and interiors are monitored by the Police/ Security Department via the system. The College Police/Security also actively communicates with other local and state law enforcement agencies including, but not limited to, the Nashville Police Department, the Davidson County Sheriff's Office, and the Tennessee Bureau of Investigation.

NSCC Police/Security personnel respond to all calls for assistance that involve potential criminal incidents, medical injuries or other emergencies that occur on all NSCC campuses. Occasionally complainants may be referred to other NSCC Departments or to agencies outside NSCC for appropriate assistance or guidance depending on the particular incident. NSCC Police/Security personnel will also contact other agencies, such as the County Emergency Medical Services or the local Fire Department, to assist with ongoing or reported incidents that require additional resources, expertise, or specialized assistance.

PART II – POLICIES AND PROCEDURES

Student Enrollment/Employee Information

The number of undergraduate students enrolled:

There are approximately 8,800 undergraduate, full- and part-time students enrolled at NSCC.

The total number of non-student employees working on the campus:

There are approximately 650 regular full-time and part-time non-student employees working on at NSCC.

Security/Law Enforcement on Campus

Reporting Crimes or Emergencies

Institutional policy statement on campus law enforcement and the encouragement of accurate and prompt reporting of all crimes including sexual assaults:

The NSCC Campus Police Department is an independent police agency recognized as such by the FBI and the State of Tennessee. The reporting of crimes, promptly and accurately, is encouraged through distributed crime prevention material through new student orientation.

The College encourages anyone who is the victim or witness or has knowledge of any crime to promptly report the incident to the campus police department or one of the Campus Security Authorities described above. The confidentiality of persons reporting criminal activity can be requested and will be respected when possible but cannot be assured, as police reports for closed cases are generally available under the Tennessee Public Records Act. The annual crime statistics do not include personally identifiable information.

All NSCC campuses are open campuses located in areas with a rapidly growing population. A CAMPUS ENVIRONMENT CAN FOSTER A FALSE FEELING OF SAFETY among its community. This is a potentially dangerous illusion. Each year over 100,000 crimes are reported on college campuses. Included in this report are the latest crime statistics for NSCC. A comparison with other universities will show that we are among the safest universities in the nation and the state. We attribute this record to the aggressive performance of duties by Police/Security and also to the awareness of the NSCC community. Despite our safety record, DON'T TAKE CHANCES OR BE CARELESS with regard to your personal safety and property. NSCC has always been open about the fact that crime does occur here. We hope that increased awareness on the part of the community will help keep our campus safe.

Facility and Program Access

As a public institution of higher learning, Nashville State Community College welcomes anyone interested in utilizing the wide range of educational facilities on campus. For security reasons, however, not all NSCC offices are open to the public. The campus and facilities of NSCC are governed by the Tennessee Board of Regents (Policy No. 1.03.02.50). The campus and facilities of the College are restricted to students, faculty, staff, guests, and invitees of the College, except when part or all of the campus, offices, or facilities, are open to the general public for an approved and designated time and purpose. All persons on the campus of the College, including faculty, staff, guests, and invitees, shall be subject to all rules and regulations of the College and the Tennessee Board of Regents which are applicable to the conduct of students on campus, and to all applicable federal and state laws and regulations.

All persons on the campus of the College shall provide adequate identification upon request to appropriate officials and security personnel of the College. Personnel and students of the College who refuse to provide such identification may be subject to disciplinary action; other persons who refuse to provide such identification shall be requested to leave campus, and if they refuse, may be subject to lawful removal and prosecution.

Policy statement regarding the possession and use of weapons by security personnel and any other person:

As provided in Tennessee Code Annotated §39-17-1309, any unauthorized or illegal possession of, use of, or wearing of firearms or dangerous weapons of any kind shall not be permitted on the Nashville State Community College campus. State law prescribes a maximum penalty of six (6) years imprisonment and a fine not to exceed three thousand dollars (\$3,000) for carrying weapons on school property.

NSCC Police officers, in accordance with Tenn. Code Ann. § 49-7-118, the Tennessee Peace Officer Standards and Training Commission, and TBR policy 5:01:07:00 are authorized to carry firearms, chemical spray, batons, and other weapons as authorized. Officers are issued these weapons only after successfully completing training in the use of these weapons in basic training and as prescribed by department general orders and applicable state laws and POST regulations. Additionally, officers must undergo annual firearms training to maintain their POST certification. The Chief of Police determines the general orders for the department and approves the training schedule annually.

Policy for qualified persons carrying concealed firearms on campuses

On July 1, 2016, T.C.A. § 39-17-1309(e)(9) was amended allowing full-time employees of public institutions of higher education who possess a valid handgun carry permit issued under T.C.A. § 39-17-1351 to carry a concealed handgun on property owned, operated, or controlled by NSCC. Complete institutional policy for qualified persons carrying concealed firearms on campus is governed by the Tennessee Board of Regents (Policy No. 7.01.00.00).

Possession of weapons solely for instructional or school-sanctioned ceremonial purposes is permitted with prior approval from Nashville State Community College's Chief of Police or designee.

Maintenance of Campus Facilities

Considerations used in the maintenance of campus facilities, including landscaping, grounds keeping and outdoor lighting:

Security personnel report all hazardous or unsafe campus conditions found to exist. These reports are sent directly to each respective department to ensure expeditious corrective measures.

In Facilities Services, the work orders office processes and coordinates all work requests for the campus. They strive to ensure that all offices and structures are properly maintained to meet fire, safety, health and other required codes and regulations. This includes providing climate controlled, clean, properly supplied facilities, so that faculty, staff and students have comfortable surroundings in which to live, work, and receive training and education. They also serve as a communication link and liaison between facilities services employees and the campus community.

Crime Reducing Efforts and Prompt Reporting

Descriptions of programs designed to inform students and employees about campus security procedures and practices:

Since Nashville State Community College has no dormitories or on campus housing, some of the Crime Prevention programs found on other colleges and universities are not applicable on our campuses.

During new student and new employee orientation sessions, safety and security policies and procedures are covered as well as found on information on the safety and security website. Additional Crime Prevention and Awareness Programs, include:

-See Something/Say Something: Each individual is the first line of defense against criminal and/or unsafe activity. If you see something that “concerns” you report it immediately. Do not wait and do not hesitate. The Police/Security Department will respond and investigate. It is better to be safe than sorry.

- Awareness: Sexual violence is a serious public health problem that affects millions of women and men. In the United States, **1 in 3 women and 1 in 6 men have experienced sexual violence involving physical contact at some point in their lives.** Statistics underestimate the problem because many victims do not tell the police, family, or friends about the violence.

-Date/Stranger Rape: Rape is sex you don't agree to, including forcing a body part or object into your vagina, rectum (bottom), or mouth. Date rape is when you are raped by someone you know, like a boyfriend. Both are crimes. Rape is not about sex — it is an act of power by the rapist and it is **always** wrong.

- Alcohol Awareness: Drinking too much alcohol increases people's risk of injuries, violence, drowning, liver disease, and some types of cancer. The good news- We can all do our part to prevent alcohol misuse or abuse. Spread the word about strategies for preventing alcohol misuse or abuse and encourage communities, families, and individuals to get involved.

- Response to Active Shooter/Killer: A one hour presentation designed to provide strategies for reacting to and surviving an active shooter/killer situation.

- Security Escort Program: NSCC Security provides an escort program to students, staff, and campus visitors when the campus is open during normal operating hours.

-Park Smart: More than half of the auto theft reports in Davidson County each week routinely reveal that the vehicles taken were easy targets because the keys were left inside or made available to thieves. Since 2000, the Metro Nashville Police Department has been urging citizens to "Park Smart" with a campaign to prevent auto theft. Continuing the commitment, we are teaming up with Tennessee Highway Patrol, Clarksville Police, Hendersonville Police, Mt. Juliet Police and others to stress auto theft prevention.

These programs are available throughout the Academic year, upon request.

A daily summary of all criminal activity is made available to the general public at the office of Security and on its website at <https://www.nsc.edu/safety-and-security>. A copy of the NSCC daily crime log is available, upon request, at the White Bridge Road Campus Police/Security Office between the hours of 8am and 4pm, Monday- Friday.

Emergency Notification

In the event that a situation arises, either on our main campus, satellite sites or non-campus locations, that, in the judgment of college officials or the Chief of Police, constitutes an immediate, ongoing or continuing threat, a campus- wide "emergency notification" will be issued. The notifications could be issued using one or all of the following means:

1. NSCC Alert emergency notification system (RAVE).
2. Mass Notification system.
3. Campus Police and Safety website. www.nsccl.edu/safety-and-security
4. Campus email system to students, staff, and faculty.
5. Verbally by supervisors to employees and faculty to students; and
6. Flyers.

The “RAVE” System and the campus wide Mass Notification System are both tested during a two-week period prior to the beginning of each Semester.

The NSCC Alert emergency alert system is the primary means of communication the College uses to alert students, staff, and faculty of any threat that requires a campus or partial campus response. NSCC RAVE Alerts is a web-based text enabled mass notification system that will send emergency and non-emergency messages to be instantly communicated to students, staff, and faculty. The system will not be used to send advertisements, and user information will not be shared with third parties outside the College. There is no cost to participate in Campus Alerts, other than normal fees your mobile service provider may charge for receiving text messages. If you prefer not to receive text messages, you have the option of receiving only email messages.

If a serious crime, a natural disaster or a man-made emergency occurs that poses an immediate threat to the NSCC campus community or any segment of the NSCC campus community, NSCC will immediately notify the campus community or the appropriate segments of the community that may be affected by the situation. The types of incidents that may cause an immediate threat to the NSCC campus community could include but are not limited to emergencies such as: outbreak of meningitis, norovirus or other serious illness, approaching tornado, hurricane or other extreme weather conditions, earthquake, gas leak, terrorist incident, armed intruder, bomb threat, civil unrest or rioting, explosion, and nearby chemical or hazardous waste spill.

Anyone with information warranting an emergency notification should immediately report the circumstances to the NSCC Police/Security Department in person or by telephone. NSCC utilizes the above-mentioned notification processes to disseminate this information to the campus community.

Timely Warnings

The NSCC /Security Department, on behalf of the college as a whole, also issues/posts timely warnings for all Clery Act reportable Offenses if it is determined that they pose an ongoing threat to the college community. These offenses include:

- Criminal Homicide; including Murder, Non-Negligent Manslaughter and Manslaughter by Negligence
- Sexual Assault; including Rape, Fondling, Incest and Statutory Rape
- Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, and Arson
- Hate Crimes; Any of the above-mentioned offenses, and any incidents of Larceny-Theft, Simple Assault, Intimidation, or Destruction/Damage/Vandalism of Property that were motivated by bias
- VAWA Offenses; Any incidents of Domestic Violence, Dating Violence and Stalking. (Note that Sexual Assault is also a VAWA Offense but is included in the Criminal Offenses category for Clery Act reporting purposes
- Arrests and Referrals for Disciplinary Action; Weapons (Carrying, Possessing, etc.) Law Violations, Drug Abuse Violations and Liquor Law Violations
- Other crimes as determined necessary by the Chief of Police, or his or her designee in his or her absence.

A timely warning will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

- Date and time or timeframe of the incident.
- A brief description of the incident.
- Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).

- Suspect description(s) when deemed appropriate and if there is sufficient detail (see below).
- Police/Public Safety contact information.
- Other information as deemed appropriate by the Chief of Police or his/her designee.

Procedures to test emergency response and evacuation procedures on an annual basis

The College tests the emergency notification system on each campus prior to the start of the Semester. Prior to initiation of any such test, the College publicizes emergency response and evacuation procedures to the campus via e-mail and the College website. Each test is documented to include a description of the exercise, the date the test was held, the time the test started and ended, and whether it was an announced or unannounced test. Tests will include an after-action review. Information concerning these tests are kept in the Police/Security Office at each campus and results for each campus are also kept at the Police/Security Office on the White Bridge Road (Main) Campus.

NSCC policy statement regarding planning and conducting fire drills:

The purpose of conducting fire exit drills is to ensure the safe and efficient evacuation of an office in an emergency while maintaining order and control and preventing panic. Speed in emptying an office, while desirable, is not the object of a fire exit drill and should be considered of secondary importance. The Police Chief and Executive Director of Facilities Management working with individual Campus Directors of any NSCC facility conducting a fire exit drill shall notify the security office based at that location of the time and area of the drill not less than one hour prior to initiating said drill. Annual fire exit drills are recommended in all College buildings. Such fire exit drills should be limited to regular employees and conducted at such times when classes will not be disrupted.

All regular employees in every office should know the proper procedures for emergency evacuations and be trained to properly direct students and other occupants in case of a fire or other emergency. The alarm system is tested before each semester.

NSCC policy statement regarding fire hazards and fire safety:

Students shall permit no combustible material to be kept on the premises and shall take every precaution to prevent fires. Fire escapes shall be kept clear of all items and shall be used in case of emergency only. The sounding of false fire alarms and tampering with firefighting or safety equipment, including extinguishers, hoses, EXIT signs, and the alarm system is prohibited.

Daily Crime Log

A daily summary of all criminal activity is made available to the general public in the NSCC Police/Security. A crime log listing the crimes reported to NSCC Police/Security within the last 60-day period is posted on line and in NSCC Security's office. It can be accessed at: www.nscc.edu/safety-and-security. Crime logs older than 60 days are open to inspection within two business days of the request.

All crimes reported to the NSCC Police/Security Department are posted to the crime log within two business days of the report unless the disclosure is prohibited by law or would jeopardize the confidentiality of the victim. The NSCC Police/Security Department may also withhold information from the crime log when there is clear and convincing evidence that the release of the information would jeopardize an ongoing criminal investigation or the safety of an individual; cause a suspect to flee or evade detection; or result in the destruction of evidence.

Sexual Misconduct Policy (All Campus)

Sexual misconduct, including sexual assault, dating violence, domestic violence, and stalking, is a form of sex discrimination prohibited by Title IX. The College is committed to eliminating any and all acts of sexual misconduct and discrimination on its campuses. A copy of the Sexual Misconduct Policy is contained in Appendix A and may also be found on the College's website.

Sexual Misconduct Educational Programs

Nashville State engages in educational programming to prevent sexual misconduct. Educational programming consists of primary prevention and awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for students, faculty, and staff that:

1. Identifies domestic violence, dating violence, sexual assault and stalking as prohibited conduct;
2. Defines what behavior constitutes domestic violence, dating violence, sexual assault and stalking;
3. Defines what behavior and actions constitute consent to sexual activity in the State of Tennessee;
4. Provides safe and positive options for bystander intervention that may be carried out by an individual to prevent harm or intervene when there is a risk of domestic violence, dating violence, sexual assault and stalking against a person other than the bystander; and

5. Provides information on risk reduction so that students and employees may recognize warning signs of abusive behavior and how to avoid potential attacks.

Employee Educational Programs – all faculty and staff complete an online training course, which covers important issues related to sexual assault, dating violence, domestic violence, stalking, and sexual harassment.

Student Educational Programs – incoming students complete an online training course. Social service agencies are invited to campus during the fall and spring semester for student events involving sexual assault awareness and prevention.

Rights and Options for Victims of Sexual Misconduct

Regardless of whether a victim elects to pursue a criminal complaint or whether the offense occurred on or off campus, the College will assist victims of sexual misconduct and will provide each victim with a written explanation of her/his rights as a member of the College.

Additionally, in the Tennessee court system, a victim of domestic violence, dating violence, sexual assault and stalking has the following rights: the right to confer with the prosecution, right to be free from intimidation, harassment and abuse throughout the criminal justice system, the right to be present at all proceedings where the defendant has the right to be present, the right to be heard, when relevant, at all critical stages of the criminal justice process as defined by the General Assembly, the right to be informed of all proceedings, and of the release, transfer or escape of the accused or convicted person, the right to a speedy trial or disposition and a prompt and final conclusion of the case after the conviction or sentence, the right to restitution from the offender and the right to be informed of each of the rights established for victims. Information related to these rights may be found at <https://www.tn.gov/correction/redirect-agency-services/redirect-victim-services/tennessee-crime-victims--bill-of-rights/>

Protection from abuse orders may be available through <http://www.tncourts.gov/programs/self-help-center/forms/order-protection-forms> and additional information related to such orders may be found at <https://tncoalition.org/get-help/legal-services/>

The College does not publish the name of crime victims nor maintain identifiable information regarding victims in

the Daily Crime Log or in the release of timely warnings.

A victim has the right to decline to notify local law enforcement.

Resources for Victims of Sexual Misconduct

The resources listed below are not exhaustive or limited to victims who wish to make an official report or participate in an institutional hearing, police investigation or criminal prosecution. However, in cases where a victim wishes to maintain complete confidentiality, the victim should review carefully the section “Reporting Confidentially” below related to the limits on the College’s ability to maintain confidentiality. Victims can seek information on treatment for injuries, preventative treatment for sexually transmitted diseases, and where and how to get a rape kit or find a Sexual Assault Nurse Examiner (SANE) from the resources listed in this section.

Reporting Confidentially

If a victim chooses to report an incident of sexual misconduct in a confidential manner, the victim can report the incident to the following agency who employs licensed counselors and is required by Tennessee state law to maintain confidentiality of a victim:

Sexual Assault Center, Counseling & Education
101 French Landing Dr., Nashville, TN 37228;
(615) 259-9055
24-hour hotline 1-866-811-7473.

1725-I Wilma Rudolph Blvd., Clarksville, TN 37040;
(931) 241-4143
www.sacenter.org

Counselors and health care providers not affiliated with the institution will generally maintain confidentiality and not share information with the institution unless the Complainant requests the disclosure and signs a consent or waiver form. However, these resources may have reporting obligations under state or federal law. For example, healthcare providers and certain other individuals are required to notify law enforcement when a person seeks treatment for injuries related to a violent crime, including injuries resulting from Sexual Misconduct or abuse of a minor.

Additional information about confidential reporting of sexual assault, sexual harassment, dating violence, domestic violence, and stalking can be found in the Sexual Misconduct Policy attached as Appendix A and available on the College's website.

Filing an Institutional Complaint

Nashville State takes seriously all complaints of sexual discrimination, sexual harassment and sexual misconduct and encourages victims of sexual misconduct/violence to report incidents of sexual misconduct to the Title IX Coordinator so that the College can

respond appropriately. Such a report can be made at any time, including during non-business hours, using the contact information listed below. Although reports and complaints of sexual misconduct may be made at any time, reports should be made as soon as possible so that the institution is best able to address the allegation.

Role of Title IX Coordinator

The College's Title IX Coordinator is responsible for overseeing all Title IX incidents reported to the institution and for implementation of the sexual misconduct policy, including but not limited to, identifying and addressing any systemic gender-based harassment, discrimination, and sexual misconduct. The Title IX Coordinator's responsibilities include, but are not limited to, the following:

1. Investigation or oversight of investigations of allegations related to Title IX;
2. Coordination and oversight of educational programs including mandatory training for new students and employees and awareness campaigns for current students and employees;
3. Coordination with local law enforcement on matters related to allegations related to sexual misconduct;
4. Coordination and oversight of training for anyone involved in responding to, investigating, or adjudicating sexual misconduct;
5. Coordination and oversight of training for employees related to their responsibility when they are aware of sexual misconduct;
6. Coordination and oversight of annual training for investigators, decision makers, hearing officers and hearing committee members on the issues related to sexual misconduct and on how to conduct an investigation and hearing process that protects the safety of Complainants and promotes accountability; and
7. Attending appropriate training annually on topics related to responding to or investigating allegations of sexual misconduct.

The Title IX Coordinator may designate deputies and investigators ("designees") to assist in carrying out any of the

responsibilities related to implementing this policy.

The Title IX Coordinator shall report at the beginning of each new school year, or any time there is a change in the assignment, to the System Office the name of and contact information for the College's Title IX Coordinator.

Bystander Intervention and Risk Reduction

Helping prevent sexual harassment is everyone's responsibility. Bystander intervention is one means of prevention and reducing risks. Bystander intervention essentially means interrupting problematic behavior. Bystanders can help prevent sexual harassment in a safe way by being involved before, during, or after a situation where an individual may make inappropriate jokes or comments, may make threats, or may behave in a way that is harmful to another person. Individuals are encouraged to review bystander tips and strategies published by national resources.

Definitions [34 CFR §668.46(j)]

The College prohibits sexual misconduct, which includes rape, fondling, incest, statutory rape, dating violence, domestic violence, and stalking. Those terms are defined in the sexual misconduct policy (Appendix A) in accordance with federal Title IX and Clery Act regulations.

Crimes as defined by the Tennessee criminal code differ from the definitions in the Clery Act (and are not used for purposes of Clery Act reporting). Tennessee's criminal code includes the following definitions.

Stalking (T.C.A. § 39-17-315) is a willful course of conduct involving repeated or continuing harassment of another individual that would cause a reasonable person to feel terrorized, frightened, intimidated, threatened, harassed, or molested, and that actually causes the victim to feel terrorized, frightened, intimidated, threatened, harassed, or molested.

- A "Course of conduct" means a pattern of conduct composed of a series of two or more separate, noncontinuous acts evidencing a continuity of purpose, including, but not limited to, acts in which the defendant directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to a

person, or interferes with a person's property.

- “Emotional distress” means significant mental suffering or distress that may, but does not necessarily, require medical or other professional treatment or counseling.
- “Harassment” means conduct directed toward a victim that includes, but is not limited to, repeated or continuing unconsented contact that would cause a reasonable person to suffer emotional distress, and that actually causes the victim to suffer emotional distress. Harassment does not include constitutionally protected activity or conduct that serves a legitimate purpose.
- “Unconsented contact” means any contact with another person that is initiated or continued without that person's consent, or in disregard of that person's expressed desire that the contact be avoided or discontinued. Unconsented contact includes, but is not limited to, any of the following:
 - (1) following or appearing within the sight of that person;
 - (2) approaching or confronting that person in a public place or on private property;
 - (3) appearing at that person's workplace or residence;
 - (4) entering onto or remaining on property owned, leased, or occupied by that person;
 - (5) contacting that person by telephone;
 - (6) sending to that person mail or any electronic communications, including, but not limited to, electronic mail, text messages, or any other type of electronic message sent using the Internet, web sites, or a social media platform; or
 - (7) placing an object on, or delivering an object to, property owned, leased, or occupied by that person.
- “Victim” means an individual who is the target of a willful course of conduct involving repeated or continuing harassment.

Sexual Assault is not specifically defined in the Tennessee Code, but several sexual offenses are defined.

- **Rape** (T.C.A. § 39-13-503) is the unlawful sexual penetration of a victim by the defendant or of the defendant by a victim accompanied by any of the following circumstances:
 - (1) Force or coercion is used to accomplish the act;
 - (2) The sexual penetration is accomplished without the consent of the victim and the defendant knows or has reason to know at the time of the penetration that the victim did not consent;
 - (3) The defendant knows or has reason to know that the victim is mentally defective, mentally incapacitated or physically helpless; or

(4) The sexual penetration is accomplished by fraud.

- **Sexual Battery** (T.C.A. § 39-13-505) is unlawful sexual contact with a victim by the defendant or the defendant by a victim accompanied by any of the following circumstances:
 - (1) force or coercion is used to accomplish the act;
 - (2) the sexual contact is accomplished without the consent of the victim and the defendant knows or has reason to know at the time of the contact that the victim did not consent;
 - (3) the defendant knows or has reason to know that the victim is mentally defective, mentally incapacitated or physically helpless; or
 - (4) the sexual contact is accomplished by fraud.
- **Statutory Rape** (T.C.A. § 39-13-506) is the unlawful sexual penetration of a victim by the defendant or of the defendant by the victim when:
 - (1) the victim is at least thirteen but less than fifteen years of age and the defendant is at least four years but less than ten years older than the victim; or
 - (2) the victim is at least fifteen but less than eighteen years of age and the defendant is more than five but less than ten years older than the victim.
- **Incest** (T.C.A. § 39-15-302) is sexual penetration as defined in T.C.A. § 39-13-501, with a person, knowing the person to be, without regard to legitimacy:
 - (1) the person's natural parent, child, grandparent, grandchild, uncle, aunt, nephew, niece, stepparent, stepchild, adoptive parent, adoptive child; or
 - (2) the person's brother or sister of the whole or half-blood or by adoption.
- Other sexual offenses are included in T.C.A. § 39-13-501 through § 39-13-511.

Domestic Violence and Dating Violence are not defined in the Tennessee criminal code, but the Domestic Assault and domestic abuse victim (T.C.A. § 39-13-111) are defined as any person who falls within the following categories:

- (1) adults or minors who are current or former spouses;
- (2) adults or minors who live together or who have lived together;
- (3) adults or minors who are dating or who have dated or who have or had a sexual relationship, but does not include

- fraternization between two individuals in a business or social context;
- (4) adults or minors related by blood or adoption;
- (5) adults or minors who are related or were formerly related by marriage; or
- (6) adult or minor children of a person in a relationship that is described in subdivisions (1)-(5).

- For purposes of these definitions, as defined in T.C.A. § 39-13-101 a person commits Assault who:
 - (1) intentionally, knowingly or recklessly causes bodily injury to another;
 - (2) intentionally or knowingly causes another to reasonably fear imminent bodily injury; or
 - (3) intentionally or knowingly causes physical contact with another and a reasonable person would regard the contact as extremely offensive or provocative.
- **Abuse** (T.C.A. § 36-3-601) means inflicting, or attempting to inflict, physical injury on an adult or minor by other than accidental means, placing an adult or minor in fear of physical harm, physical restraint, malicious damage to the personal property of the abused party, including inflicting, or attempting to inflict, physical injury on any animal owned, possessed, leased, kept, or held by an adult or minor, or placing an adult or minor in fear of physical harm to any animal owned, possessed, leased, kept, or held by the adult or minor.
- **Adult** means any person eighteen (18) years of age or older, or who is otherwise emancipated.
- Consent is not specifically defined in the Tennessee criminal code, but with respect to most criminal offenses relating to sexual activity, sexual activity is criminal if:
 - (1) the activity was accomplished without the consent of the victim and the defendant knows or has reason to know at the time of the activity that the victim did not consent;
 - (2) force or coercion is used to accomplish the activity;
 - (3) the defendant knows or has reason to know that the victim is mentally defective, mentally incapacitated, or physically helpless; or
 - (4) the sexual activity is accomplished by fraud.
- **“Coercion”** (T.C.A. § § 39-13-501(1)) means a threat of kidnapping, extortion, force, or violence to be performed immediately or in the future.
- **“Mentally defective”** (T.C.A. § § 39-13-501(3)) means that a person suffers from a mental disease or defect which renders that person temporarily or permanently incapable of appraising the nature of the person's conduct.
- **“Mentally incapacitated”** (T.C.A. § 39-13-501(4)) means that a person is rendered temporarily incapable of appraising or controlling the person's conduct due to the influence of a narcotic, anesthetic or other substance administered to that person

- without the person's consent, or due to any other act committed upon that person without the person's consent.
- **“Physically helpless”** (T.C.A. § 39-13-501(5)) means that a person is unconscious, asleep or for any other reason physically or verbally unable to communicate unwillingness to do an act.
- Consent is not relevant to sexual activity with a person under the age of eighteen (18) years of age because under Tennessee law a minor is not capable of consenting to sexual activity. Tennessee law, however, provides a close-in-age exception that allows minors who are at least thirteen (13) and less than eighteen (18) to give consent to sexual acts with another person who is less than four (4) years older than the minor.

Sex Offender Registry

The Campus Sex Crimes Prevention Act of 2000, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974 require that institutions of higher education issue a statement advising the campus community where law enforcement information provided by a State concerning registered sex offenders may be obtained. In accordance, Nashville State Community College is providing a link to the Tennessee State Sex Offender Registry.

Registered sex offenders are required to provide notice that they are enrolled as a student, carry on a vocation, or employed by Nashville State Community College. Furthermore, the student or employee is required to provide written notice of each change in enrollment or employment to the Davidson County Sheriff's Office. The aforementioned Acts designate certain information concerning a registered sexual offender as public information and therefore amend and supersede the Family Education Rights and Privacy Act (FERPA) and other federal and state laws that previously prohibited the disclosure of such personal information. Since laws require the publication of information pertaining to sexual offenders employed, enrolled or volunteering at an educational institution, said publication does not constitute grounds for a grievance or complaint under institutional or Tennessee Board of Regents policies or procedures.

Members of the campus community may obtain the most recent information received from the Tennessee Bureau of Investigation (TBI) concerning sex offenders employed, enrolled, or volunteering at this institution from the TBI's website listing of sex offenders located at Tennessee Sex Offender Registry, (<https://www.tn.gov/tbi/law-enforcement-resources/law-enforcement-resources/tennessee-sex-offender-registry.html>). Unlawful use of the information for purposes of intimidating or harassing another is prohibited and willful violation shall be punishable as a Class 1 misdemeanor.

Alcohol and Illegal Drugs

Nashville State Community College students and employees are prohibited from engaging in the unlawful manufacture, distribution, dispensation, possession, use of or being under the influence of illicit drugs and or alcohol on any Nashville State campus and/or property owned, controlled, or leased by Nashville State, or during any College related activity (on or off-campus). The College enforces all local, state, and federal laws regarding the possession, use and sale of alcoholic beverages by persons under the age of 21 on campus and at all College-sponsored activities.

Nashville State Community College has adopted a drug-free campus policy in compliance with the Drug-Free Schools and Communities Act.

Legal Sanctions under Local, State, and Federal Law

Various federal, state and local statutes make it unlawful to manufacture, distribute, dispense, deliver, sell, or possess with intent to manufacture, distribute, dispense, deliver, or sell controlled substances. The penalty imposed depends upon many factors, which include:

- the type and amount of controlled substance involved,
- the number of prior offenses, if any,
- whether death or serious bodily injury results from the use of such substance, and
- whether any other crimes were committed in connection with the use of such substance.

Possible maximum penalties for a **first- time violation** include:

- imprisonment for any period of time, up to a term of life imprisonment,
- a fine of up to 4 million dollars, supervised release, or
- any combination of the above.

These sanctions are doubled when the offense involves either of the following:

- Distribution or possession at or near a school or college campus.
- Distribution to persons under 21 years of age (repeat offenders may be punished to a greater extent as provided by statutes).

A civil penalty of up to \$10,000 may be assessed for simple possession of "personal use amounts" of certain specified substances under federal law.

- Under state law, the offense of possession or casual exchange is punishable as a Class A misdemeanor;
- if there is an exchange between a minor and an adult at least two years the minor's senior, and the adult knows that the person is a minor, the offense is classified as a felony, as provided in T.C.A. 39-17-417(21 U.S.C. 801, et. seq.; T.C.A. 39-17-417).

It is unlawful for any person under the age of twenty-one (21) to buy, possess, transport (unless in the course of his/her employment), or consume alcoholic beverages, wine or beer.

- Such offenses are classified as Class A misdemeanors punishable by imprisonment for not more than 11 months and 29 days, or a fine of not more than \$2,500, or both (T.C.A. 1- 3-113, 57-5-301).

It further is an offense to provide alcoholic beverages to any person under the age of twenty-one (21). Such an offense is classified as a Class A misdemeanor (T.C.A. 39-15-404).

- The offense of public intoxication is a Class C misdemeanor and is punishable by imprisonment of not more than 30 days or a fine of not more than \$50, or both (T.C.A. 39-17-310).

Nashville State Community College will impose the appropriate sanctions on any employee or student who fails to comply with the terms of this policy.

Health Risks Associated with the Use of Illicit Drugs and/or Abuse of Alcohol

A cursory description of the health risks associated with the use of alcohol and illicit drugs is as follows:

Alcohol

Alcoholism is the most neglected health problem in the United States today. It is a complex, progressive disease that interferes with health and social and economic functioning. Untreated, alcoholism results in physical incapacity, permanent mental impairment, and/or premature death.

Alcohol is involved in one---third of all suicides, one---half of all murders, one---half of all traffic deaths, and one---fourth of all other accidents; and it is involved in over 50 percent of all arrests. Alcohol is the third leading cause of birth defects involving mental retardation. Use during pregnancy may cause spontaneous abortion, various birth defects, or fetal alcohol syndrome.

Drinking is implicated in cancer, heart disease, liver disease, gastrointestinal disease, and other illnesses. Alcoholism reduces life expectancy by twelve years. Regular use of alcohol can damage all body organs, leading to:

- liver, heart, and digestive problems,
- circulatory system interference,
- personality disorders,
- reproductive problems, and
- such central nervous system disorders as
 - poor vision,
 - loss of coordination,
 - memory loss, loss of sensation,
 - mental/physical disturbances, and
 - permanent brain damage.

The physical and psychological changes that occur as a result of addiction to alcohol can pave the way for addiction to mood altering drugs.

Other Drugs

Drugs are natural and synthetic chemical substances used to affect body processes, the mind, nervous system, behavior, and feelings. Drugs used without medical supervision lead to many of the same health risks associated with alcohol abuse. however, the illicit use of drugs:

- increases the risk of mental deterioration;
- death from overdose; suffocation or choking; anemia, amnesia, AIDS, and other infections
- physical and mental dependence or addiction;
- hepatitis and skin infections from needle use;
- psychotic reactions;
- inducement to take stronger drugs;
- brain damage;
- hallucinations; unconsciousness; deep depression; distortion of time and space;
- permanent damage to lungs, brain, kidneys, and liver;

Policy Statement Addressing Substance Abuse Education

At the beginning for the Semester, the Student Affairs Office at Nashville State Community College provides information related to treatment and/or rehabilitation as a service to all students. Information is available through Student Resource Managers located at the White Bridge and Southeast campuses, or at careteam@nscc.edu. Also, during new employee orientation, the Office of Human Resource directs new employees to read the College's Drug and Alcohol Abuse Prevention Program (DAAPP) and to certify in writing that they are aware of and have read relevant College policies and/or policy statements.

The purposes of providing the information are as follows:

- To encourage the individual with a problem to seek the assistance of a qualified drug/alcohol therapist or seek treatment from a drug treatment center or mental health center.
- To provide information to individuals regarding treatment resources in the surrounding area and how to secure their services. Description materials are provided when available detailing the facility, length of stay, cost, etc.
- To assist the employee/student in making the initial contact with an outside agency.

Publishing Clery Act Statistics and Policies

Description of procedures for preparing annual disclosure of crime statistics:

Crime statistics which are provided in this institution's Annual Security Report are based upon incidents reported by campus security authorities and local police agencies. This institution shall annually report statistics for the three most recent calendar years concerning the occurrence on campus, in or on non-campus offices or property, and on public property of certain crimes that are reported to local police agencies or to campus security authorities. NSCC Police/Security will make the determination as to whether a reportable offense has occurred. These reports will be compiled to prepare the Annual Security Report. This report is updated and made available to the public by October 1st of each calendar year and posted to the NSCC Security website for viewing.

Disclosure of crime statistics in an Annual Security Report:

NSCC annually publishes statistics for the three most current years detailing the on-campus, non-campus, and public property of murder, manslaughter, sexual assault (forcible and non-forcible), robbery, arson, aggravated assault, burglary, and motor vehicle theft; statistics on arrests for violations of liquor or drug abuse as well as weapons possession violations; and statistics on Hate Crimes.

Nashville State Community College Security forwards a monthly report to the Tennessee Bureau of Investigation of crimes that occur within our campus community. In 1990, Public Chapter 317, otherwise known as the “College and College Security Act”, requires all Tennessee law enforcement agencies to forward similar reports to the Bureau. Each year the Bureau takes these monthly reports and publishes a compilation from all institutions of higher education in Tennessee.
